## Editorials

### Down with tradition!

Molly Lewis

I'm getting pretty damn tired of the lack of fan participation at many of our school's events. The funny thing is that those teams lacking the most fan support happen to be some of the best teams in the league.

Take girls' varsity soccer and basketball for instance. These two teams happen to have better winning records than the boys' football and basketball teams combined and yet the girls' teams didn't even receive half of the fan support the boy's football team received on the coldest, rainiest day of the season. If this isn't bad enough, it was even more humiliating when Dale Turner, the Mayor of Livermore, came to our school to present a plaque to both the girls' basketball and soccer teams for their outstanding performance this year; unfortunately, the rally was poorly attended.

I don't want to sound like I'm saying girls sports are the only ones that play in front of empty bleachers and stands. In fact, fans who attended wrestling matches this year were so few that one could confuse them with the wrestlers themselves.

I think there are solutions to the fan shortage, but in order to solve the problem we'll have to give up one thing-TRADITION.

Every year the boys' football team has G.A.'s (guardian angels) who decorate the players' lockers and hang up signs to help get the players as well as the fans fired up for the game. Why can't we have G.A.'s for ALL sports?! One of the biggest reasons many sports lack fans is because students don't talk about the upcoming games. Sometimes it takes seeing a poster or two advertising a sport before a student will say, "Hey, let's go to the \_\_\_\_\_ game tonight."

Rallies are another big boost for upcoming games. We usually have rallies before football and basketball games and they usually seem to attract a lot of fan participation. Why can't we have rallies for wrestling, soccer, girls' basketball, and volleyball too?! It seems to me that this would help generate the enthusiasm to go and watch these sports.

Traditionally, it seems that boys' basketball receives the better nights to play games on over girls' basketball. Many students are unable to attend games played on the weekdays because of homework, etc. Why can't we have boys' and girls' varsity teams play on Friday and let J.V. play on the weekdays?! It stands to reason that Friday nights would bring in the best crowds for the simple reason that there is no school the following day so students can put off their homework and go to the game. I'm sure if we were to do this, girls' basketball would receive a lot more fan support. Who knows, it may even increase the fan support at the boys basketball games too.

"Girls tend to support boys' sports more than boys support girls' sports," said Claude Cameron, Economic teacher and football coach. I feel this statement is easily justifiable and doesn't say much for the boys. We need a balance between boys and girls supporting the teams. Do boys feel that they're better than girls and therefore shouldn't have to attend the girls' games or make signs for them even though the girls do it for the boys? Are boys just busier than girls and therefore shouldn't be bothered? I think this is hardly the case. If anything, maybe the boys ought to take lessons from the girls. According to overall sports records at Granada, girls' sports have done much better over the years than boys' sports.

I'm not trying to argue that girls are better than boys because this is not the question we're addressing. What we need around here are some changes in the way certain programs have been run. What have we got to lose? The only time we really lose is when we see a problem and we ignore it instead of facing it because that would mean putting out some effort. The only way to make it work is to put out some effort and work together as a team to change the way things are. Then we will see some results- if you don't believe me ask the boy's varsity basketball team.

## And they'll go marching on...

**Dave Harrison**

This summer, something awesome is going to take place. No, getting a tan is not in this category, but becoming Northern Californian Champions, as well as being selected to perform at this year's World's Fair in Victoria, BC Canada, is. So who or what has done all this? Our jazz band and orchestra, that's who!

After winning over 12 trophies and many other outstanding marks in the past two seasons, the band, under the direction of Dan Dooha-Chambers (D.C.), the jazz band and the orchestra have been selected to represent Granada, Livermore, and California this summer.

D.C. had this to say about it:

"For us, we're treating the trip a little differently than most. It's not going to be like a vacation or a spree or whatever you will. We're treating it as a year long goal. Part of the preparation includes community concerts. These concerts will let the Livermore community know how good the group is and that we consider this an honor. We want to show that we're really taking it seriously and are not going to just kind of waltz in, say 'this is nice, toot-toot goodbye.'

We're also doing the trip ourselves. In other words, the students will organize a lot of what's going on. They will help carry it

out, and if certain things arise they don't like, there is a council that they can go to. They will be responsible for their meals, loading and unloading their equipment, and getting themselves to places on time. So it's kind of like a life experience and not just a 'let's go down for three days and blow our horn and eat some cotton candy, get sick and come back.'

The whole trip is costing us about \$34,000, \$230 per student plus preparation costs, etc., to get from stage one to all the way where they perform and do an outstanding job.

The whole program is designed to get the band students a little more clout on campus. You know, if you're a band student, unfortunately you kind of have the social status of a banana slug at Granada. I don't know why, because we were Northern Californian Champions last year and I have some of the most dedicated, committed and responsible people on campus. But it seems that we're the target group for the ya know, 'I may not be very good, but at least I'm better than the BAND!'

"We're going up there representing California and Livermore, and we're going to be a little better than good. In fact, we're going to blow everybody away. That's the whole point."

# Seniors

**"...and these children that you spit upon as they try to change their worlds...are immune to your consultations, they're quite aware of what they're going through." - David Bowie**

**John Hinderliter**

Maybe it's familiarity that breeds contempt. Maybe it's an underwhelming lack of individuality or the sickening affluence of it. Or maybe, just maybe, one can take only so much crap in a span of four years.

Now that we seniors are graduating from Advanced Day Care Center, a place where we only enjoy ourselves until we are forced to think about "what's going on" (for lack of a better phrase), we can, in a sense, look in retrospect on the transition that has occurred. I understand that, traditionally, teen-age years have been marked by a struggle for individuality and independence. However, to look around campus is to see 1,500 different young people acting or playing about a half a dozen assorted roles. That's sufficiently depressing. How does one grow into his own personality in a world where it is considered exemplary behavior to wear masks of pretense to display our individuality. Perhaps individuality is only shown by going against the norms that the 'unseen society' establish. If, at this point, you are swimming in a sea of contradiction, you can understand me at least superficially.

Recall something you really detest about this school or this age group. Not as difficult as it sounds. Trouble with parents or teachers, constant reminders of growing up, the need to make your own decisions for a change, and even a complete shift of morals or ideals... Relationships with people at this school never seem to be absolute; members of the opposite sex are regularly upset over a zealous show of 'affection' or lack thereof, and no one has been immune to relatively meaningless quarrels with friends or people you thought of as friends. Popularity is never what anyone wants it to be. If you talk to people who aren't popular, they'll tell you

they wish they were, and if you talk-really talk- to a member of the "aristocracy", they'll convey a bitter feeling of resentment for the most part.

Now sociology professors, if they happened to be reading this, might say that "peer pressure" is the culprit behind most of these teen-age dilemmas. I can't speak anyone else's language on this one, but I don't think that this pressure can be to blame if it can't be defined. I think I can honestly say that I never did anything that I didn't have at least a slight desire to do. That is the key to finding individuality. What we do must be ultimately decided by and answerable to ourselves alone. I wouldn't even know the meaning of the phrase "peer pressure" if it weren't so damned over used.

So why does all of this happen? One can't help but wonder after spending four years in high school. Maybe in trying to find ourselves each one of us has lost sight and a little consideration for one another. Kind of like talking to someone but not hearing a word they're saying back. I'm not excluding myself. I'd be willing to bet that there is someone out there who's never even met me or even spoken to me who honestly believes that he or she hates me. How do you win in that situation? Friendship takes so long to build while so little can lead to hatred.

Now to some, this may seem like a personal gripe list, but it isn't. It's merely an expression of feelings that I think all of us have experienced to some degree. What has happened recently to all of us can only be referred to as "transition". We have been struggling to grow into our personality, all the while contending a conflicting identity the people around us have assembled.

## What do you expect to find at the 5 year reunion?

**Molly Lewis**

**Scott Harris:** Dave Marguth comes back as a successful businessman and Jim Geyer is in the Marines.

**Mike Green:** College graduate-that's all I care about.

**Brett Rollins:** I don't think anybody's gonna change. We're all gonna be up to the same no good.

**Jim Breznik:** Our band will be successful by then.

**Mike Smith:** I'm going to come back with a Porsche 911 Cabriolet and a salary of \$17.50 an hour.

## Juniors

It seems this year began just yesterday, but it has nearly come to an end. In four short months the class of 87 will be seniors. Our junior year, the first year of being upperclassmen, has been exciting. We will remember our Homecoming float (BOO!) and coming in last place. It was the first year the varsity football players were from our class. I will remember crying a lot when Kendra Chalfin moved to Hawaii. (I will also remember catching the chicken pox from her and missing finals.) This has been the year of the term project, where we have had them in nearly every class— even math. This year has presented me and everybody else with the worst case of spring fever ever. But looking back, I will remember the friends I have made this year, many of whom are graduating and moving on. It's sad to think that in one year we ourselves will be leaving. We still have one year ahead of us, though. Let's make it better than ever! And remember-- I wanna go to Squaw Valley...

Jr / Sr Class President

Overall, this has been a pretty successful year for the junior class. The prom really helped the year end well; it actually worked out! I hope that our class remains close over the summer... maybe we can form a volleyball league and play at Del Valle on the weekends, we'll have to see. About next year, I think that I have some really good ideas. We're definitely going to win Homecoming float competition (a new thing for this class,) and we'll surely have fun at Senior Surprise, Ditch Day, etc. There is really a lot of planning involved, but I hope that my experience will help me stay organized and help everything turn out well. I enjoyed being junior class president, and I know that I will enjoy it next year as well. Hopefully, next year will be the best year for the class of '87 ever!

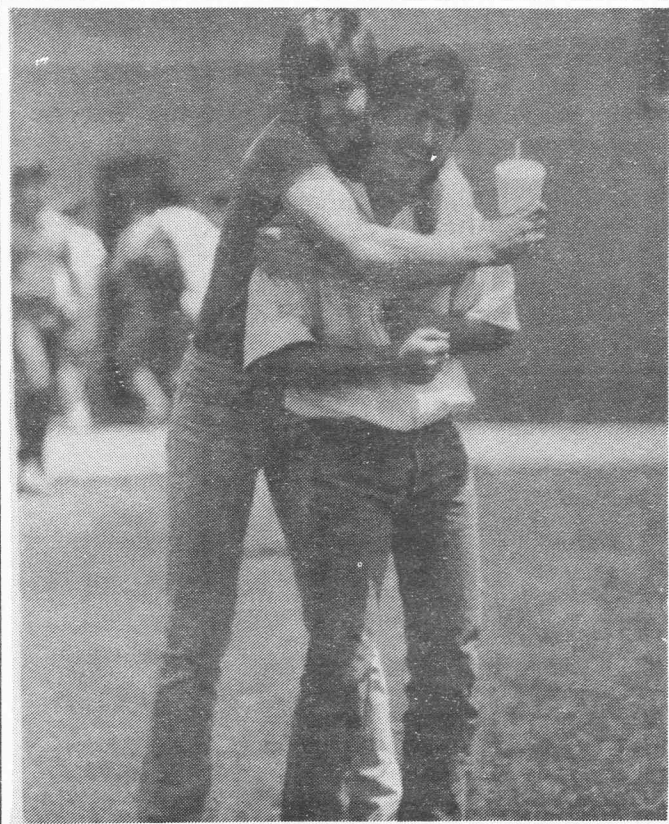

Nicole Miller  
Junior and Senior Class President

## Junior Memories

- Ann McGinley: Walking down Gold Coast at Squaw Valley because my skis broke.
- Mike Galletti: I got my license.
- Darren Meyer: The Giants were in first place.
- Kim Adams: Eating cold spaghetti-o's during third period break with Annsy Kubansy, Jeff and Jim.
- Dag Schield: Morsel dancing at Bard's house, tomato attacks, and the RARR wars.
- Allison Smith: The Dexter Poster Company, Mr. Tomato Head, and putting on the brights.
- Lyra Ng: Baked potatoes for thirty cents and giving Terri Lee a ride every day.
- Gayle McQueen: I finally got a boyfriend!
- Marcus Rabara: Salad for lunch at Jimi Russell's house and reading scopes in the library.
- Larry Rosznyai: Hopping the curb with someone else's car...BEAST!
- Karen Peters: Laughing at Freshmen, making friends, loving God, liking life
- Michelle Lassallete: I finally started making some bucks.
- Scott Schulz: Going to Marcus' house and meeting Denise Vanderbeek.
- Jeni Martin: Drinking mint tea out of a Froggie mug, getting a signed photo of Charlie Peacock and pricking my finger in Biology without fainting.

romance really hurt anyone, and would I die without it? ...I want somebody who cares for me passionately, with every thought and with every breath, someone who'll help me see things in a different light, all the things I detest will almost like, I don't want to be tied to anyone's strings, I'm clearly trying to tear clear of those things, but when I'm asleep...Cruisin' Betty's....SK+8... monks in austrian... ## Class of '87

## Senior Hopes

**Liz Bryan:** I want to run away to England. I also don't want to be a lizard anymore. But I don't know if I'll make it.

**Andrea Jacobs:** Enjoy being at the top of the totem pole around campus. Watch out Freshmen!

**Ann McGinley:** I'd like to have a big, crunchy, juicy piece of watermelon.

**Mike Galletti:** I want to get my license-- again.

**Darren Meyer:** I want the Giants to win the World Series.

**Kim Adams:** I want to find a way to heat the spaghetti-o's we eat during third period break with Annsy Kubansy, Jim, and Jeff.

**Karen Peters:** I want to get a boyfriend and have a blast leaving this joint.

**Sue Sansone:** Have fun and get accepted to U.C.L.A.(dream on!)

**Gayle McQueen:** To get Alicia a boyfriend and enough money to go to France.

**Lyra Ng:** To get good grades and not work at all.

**Marcus Rabara:** To pass my classes and keep the AIDS virus away.

**Stephanie Robillard:** To go to Europe after graduation.

**Jimmy Mathis:** Have fun and get my act together.

**Diane Barnhouse:** Have a big party.

**Jeni Martin:** I want to marry Charlie Peacock.

### 1 - 2 - 3 - Junior Victory!

Remember last September, when cheering for the class of '87 finally allowed us to cheer as juniors, and we no longer had to look at the back of the cheerleaders during rallies? Yes, we were suddenly included in the top half of Granada, we had our fresh licenses and were looking forward to a year of floats and proms. But then our teachers decided that we had nothing better to do than homework, and we were bogged down with a load of books, essays, tests, and labs that we couldn't even carry, much less complete. At many times, the year seemed without end. Now it's June, and in just a few short days (and finals...) our junior year will be over.

So that means that we're going to be...seniors? That's impossible, for the year 1987 has seemed farther away than the year 2000, and high school graduation seemed like an asymptote that we would get closer and closer to but never reach. We have been awaiting our senior year and graduation with the same (or greater) eagerness as a small child longing for the arrival of Santa Claus, yet the last three years have passed much faster than those Christmas Eves ever did.

Now only the short, hot months of summer separate us from our senior year. On September 2, we will reappear at Granada as the senior class of the 1986-1987 school year, and it is up to us to make it a year to remember... the best year of our lives. There really is no reason why it shouldn't be, for we will be the pride of Granada. From the opening day of school until the closing of our graduation ceremony, our class will be carrying the torch and leading the way.

This coming year will be packed with activities for seniors only. Finally we will be able to partake in the senior rituals that we have been looking forward to for over three years. Activities like Freshman Initiation, Sr. Surprise, Ditch Day, Grad Nite, Sr. Ball and (hopefully) Commencement Ceremonies will inevitably add to the grandeur of our senior year, but it is not only these events that will glorify our last year at Granada. We will have to reach the realization that '86-'87 will be our last year together in the semi-real world called high school, and together we will prepare to conquer the world.

Many facets of our senior year will be very difficult. The halls will seem empty without the faces of our buddies and role models in the class of '86, yet we will continue on in the absence of our special friends, even though their places will be filled by hundreds of screaming freshmen. We must also prepare for the real world. "Is there life beyond high school?" If so, it will be hidden behind a wall of SAT's and ACH's, and seemingly millions of applications for colleges, financial aid, scholarships, housing, and jobs. Not to mention our tons of books and binders for our not-so-simple senior classes that are necessary for graduation and/or college admission. And then, in the midst of it all, senioritis will strike and take away what little brain power we may happen to have left. So past (and current) seniors have told us.

In light of it all, it may not seem that we have a lot to look forward to in our senior year, but we do, believe me, we do! In the frolics, fun and hardships of our senior year, we will not only have the best time and be the most spirited, most unified graduating class ever, but also something more. We will learn to love ourselves and our friends, so much so that beneath the tears that we all will shed in one year, we will all wear confident and excited smiles.

Together we can make it, class of '87!

# Sophomores

## Class of '88: gems of wisdom

Brad Carlson, Joe Battaglia, Jennifer Silveria

As the school year comes to a screeching halt, sophomores are beginning to think about the future. Although they're glad to be one step closer to that big night in 1988, there are still a lot of things that have happened this year which should not be forgotten. . .

**Mike Walton:** Vandalizing Monte Vista High School was probably the most memorable event of my sophomore year.

**Tammie Corrie:** The Freshman dance was fun. It was a blast! The Junior Prom was also lots of fun!

**Jason Judd:** Cheering on the Powder Puff football team at the game and at the rally.

**Alan DeOcampo:** Seeing my name listed on the Principal's Honor Roll.

**Gary Magnasco:** Playing football on JV.

**Mark Boston:** When we killed Livermore in double overtime (JV basketball).

**Laura Thompson:** The highlight of my sophomore year? There hasn't been one yet.

**Jennifer Law:** Getting hit by my best friend while driving my mom's new Mustang.

**Brian Schwarzbach:** Getting my driver's license.

**Jeff Houchins:** World History was great with Mrs. Brunke, but I failed Business Math thanks to Steve Petlansky.

**Shannon Fitzpatrick:** Falling into a mud puddle in P.E.

**Blaine Hachler:** I'll try, but I'll never forget my sophomore year because I failed a semester of English (thanks, Mrs. Patterson).

**Jennifer Fine:** There was nothing really memorable, it was all fun.

**Jennifer Lutz:** Sitting in ketchup and mustard in white shorts during lunch.

**Robert Lopez:** Football game against Amador High.

**Tony Sandoval:** The day I made a mess in ceramics.

After probing into the private lives of and discovering all these exciting events from the people of the Class of '88, we asked them to summarize the year in one sentence...

**Bruce Lane:** Despite the hardships between teachers, my year has been okay.

**Alice Mener:** Interesting

**John Fisher:** My classes were harder than I had expected, but otherwise I had a fun year

**Janie Faiola:** It went by too fast.

**Dennis Adams:** Although Conklin caught me many times, the year turned out OK.

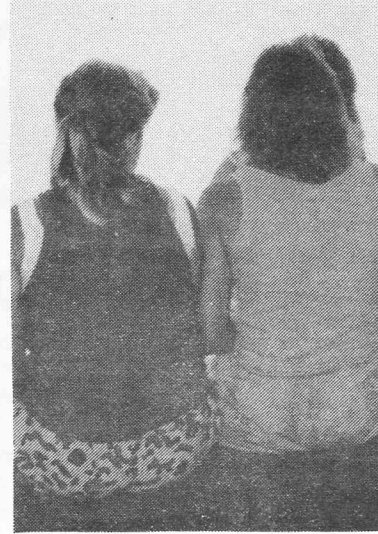

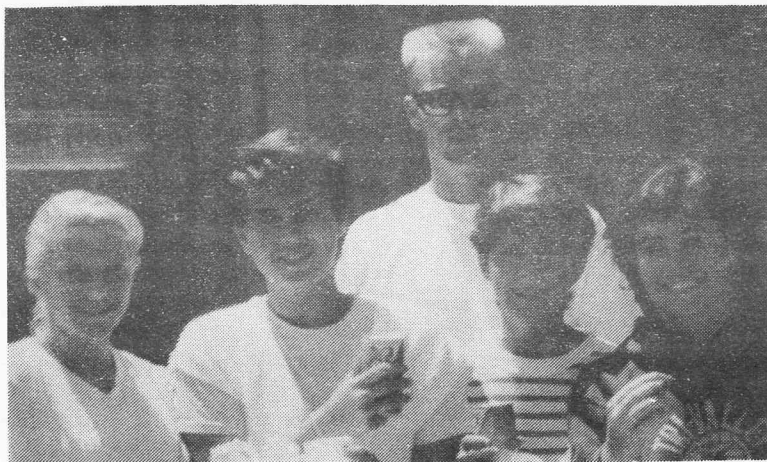

**Peter Eldridge:** It was better than my freshman year because I knew more people.

**Jeannette Petrilli:** It has been one of the hardest years for schoolwork.

**Michelle Manausa:** Fun because I had more friends and boyfriends.

**Christina West:** I've learned a lot about myself this year.

**Cathy Brown:** I'll never forget my sophomore year because I had the greatest friends, and I was always having fun.

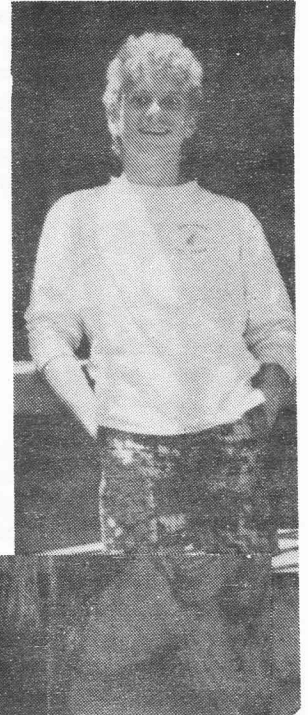

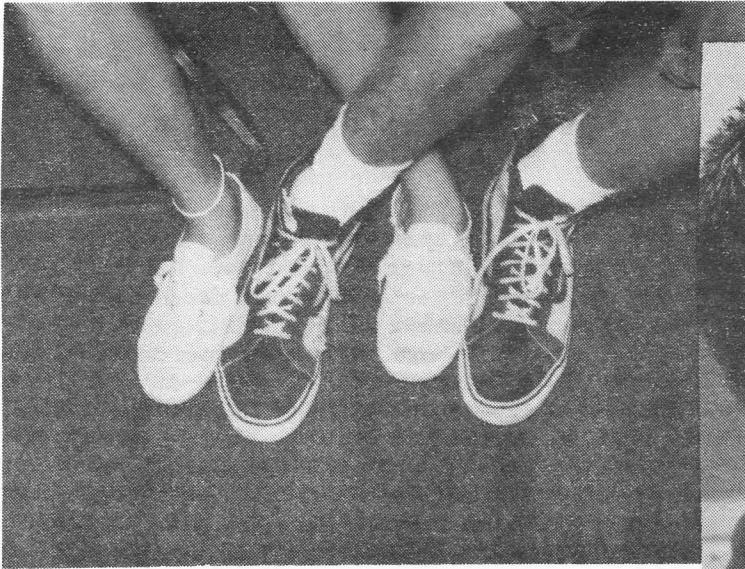

...Wish U" luck"with a capital...Good day, eh?I'm tired...I'm sorry "Ociffer"... Call me "Pookie" again & I'll kill U  
 ...If 7-11 is open 24 hrs. a day why R there locks on the door? ...RRAAH! ...Are You Herb? ...Jet'aime Gecko, Nani  
 etc ... Excuse me; U R fine & I was wondering...I'm still flunking P.E. ...C'est la vie! ...Stargaze, One Step Beyond,  
 Excuse me Brian, your music is 2 loud! ...Mother's (You mean the r... /G...ada!  
 ...And even though you think U R a geek, I love you!...  
 ...Ya know ...Life's beach ...Abe-babe we love U so much ...Give us more ...Time out 4 an A's game ...I need a break  
 ...Oh my God ... I don't think I'm going ...help ...delux burritos ...Here we come ...No I'm not sleeping- just resting  
 ...The locker is stuck ...I'm so tired ...Oh well it's fun any way ...I need help ...Self proclaimed holiday tomorrow ...!

## Sports

The girls' tennis team finished a strong third in the EBAL behind league powers Monte Vista and San Ramon. The 9-5 Mats were led by #1 singles player Kim Chew. Also playing singles were Leslie Dean, Kerry Chew and Eva Kumini. The main doubles teams were made up of the following players: Allsion Smith, Sheryl Dishman, Jennifer Lutz, Kay Moore, Susie Swanziger, Julie Inouye and Molly Lewis. With most players returning next year,

Granada should be a threat to surge ahead of Monte Vista and San Ramon.

The girls' soccer team finished an incredible 22-0, winning both EBAL and NCS crowns. Granada was led by Sabrina O'Brien, Kim Johnson and Linda Baker. O'Brien totalled 29 points on the season; Johnson was close behind with 28 and Baker

chipped in with 18. Also contributing to the undefeated campaign were team captain Shari Kyle, Wendy Gilley, Michelle Long, Stacey Zwakenberg and Natalie Springer. The Matadors shut out defending NCS champ San Ramon 3-0 to win the NCS Championship. Next year, Granada should be a favorite to win a second straight NCS title.

The Lady Matadors brought home two NCS crowns. The second one came from an underdog effort by the basketball team. The Mats, led by all-EBAL players Amy Walter and Kelly Barrett, cruised to an 11-3 league record after coming off a tough 6-5 preseason. They finished second to league champion Amador Valley. Coach Mark Killam must have had a tired team at season's end because he was

forced to play with only six players a game because the squad was so depleted. Point guard Debbie Baker controlled the tempo and usually tried to feed the ball inside to Barrett or Walter. When they were covered Dana Osbourn, Jill Zimmer and Lisa Ze proved that they could hit from outside. Granada entered the NCS tournament with the worst record among all of the teams. However, stunning upsets over Bishop O'dowd, El Cerrito and Carondelet gave them their first NCS title. The Cinderella season ended as they lost to Homestead in the opening round of the Northern California tournament as they finished the season 21-10.

The boys' basketball team had an up and down season. After losing 53 consecutive games including 33 straight league losses, the Matadors headed into the 1985-1986 season with a bright new attitude. They won their first game over Alhambra and finished the preseason with an impressive 8-4 record. Going into league play, coach Ken Micheli felt that Granada was going to be a serious contender for the playoffs. The Mats liked to play a slow down game and led the EBAL in defense, allowing only 49.6 points per game.

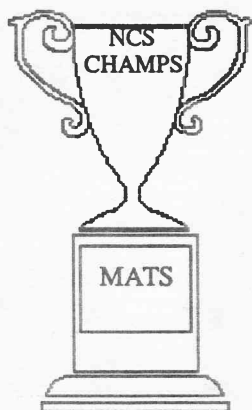

## The year

Darrell Beach and Sean Grant both ranked among the EBAL scoring leaders. Paul Clary displayed a fine range from outside and Oliver Thompson played an excellent point guard. John Daley and Barry Anderson used their size to bang around inside, while subs Manuel Rabara, John Eichhorn and Greg Daniels proved to be effective coming off the bench. The Matadors stayed close in the standings early on, but a losing streak during the middle of the season wiped out any playoff possibilities. They finished 4-10 in the EBAL and 12-14 overall.

The boys' soccer team, coming off of an impressive season after winning the NCS championship, failed to play consistently and lacked a key spark plug as they finished a disappointing 5-6-3. Key players included center halfback Joey Hayek, second team EBAL stopper Mark Johnson, second team EBAL keeper David Badillo, goalie Eric McAlister, outside fullback Joey Avelais and striker Guy Wilson. The backbreaking game for the Mats was a crucial 2-1 loss to Amador in which Granada outplayed the Dons up and down the field. The Mats were never the same after that heartbreaking loss.

The boys' track team finished the EBAL season with a 4-2-1 record. The Mats had a fine sprinting team that was headed by 100 and 220 meter runner Mark Johnson. Mark D'Ambra did an excellent job in the 330 intermediate hurdles and 110 high hurdles. Steve Barnett ran a solid 440 while Tom Powell ran the 880. Granada fielded solid 440 and mile relay teams which included Johnson, Barnett, Monte Wyatt, Harold Chambers and Norm Klino. Jon Basinger ran very well in the mile and two mile events. In the field events, Pat Storms and Dan Albright performed in the long and triple jumps and Mike Dickman was the pole vaulter and high jumper.

The girls' track team finished 5-2 in league play. Cindy Sengo and Selena Williams ran very solidly in the 100 and 220 while Jennifer Blunden was an NCS competitor in the hurdle events. Stacey Condon was the EBAL champ in the 440 and ran the 880

for the Mats while Suzanne Daley was an NCS runner in the mile and two mile. The mile relay team was second in the EBAL and consisted of Terri Lee, Debra Pires, Kim Johnson and Condon. The 440 relay team was a very upset group after they were disqualified in the league meet. Kim Cox was the EBAL champion in the high jump as was Sengo in the long jump. Johnson was the triple jumper. Megan Cordill and Williams tossed the shot while Debbie Lupeika threw the discus.

The boys' cross country team finished 4-3 in league play. They were led by top runners Jon Basinger, Kurt Hardester and Tom Powell. Tim McClain and Dennis Sheehan were the other runners that formed the five man running team. A disappointing day at the EBAL meet eliminated any hopes for qualifying for the NCS tournament.

The girls' cross country team was headed by the strong freshman core consisting of Suzanne Daley and Lena Deaton. The middle-of-the-pack finish was highlighted by Granada's first victory over Livermore in seven years. The rest of the squad was rounded out with Katie Long, Stacey Condon and Kendall Baker.

Despite losing star pitcher Tom Jameson to injuries, the Matadors finished a fine season with an 11-10 overall record and an 8-6 league record. The Mats took it to the end where they finally lost to San Ramon for the EBAL championship. The Mats beat Amador Valley 9-0 in the opening game of the playoffs and then upset the Wolves 5-2 before bowing to the big bats of San Ramon in the second and decisive game. Shiloh Roten led the way for the Mats with an impressive .356 batting average which included 10 runs scored and 12 RBI's. Then we saw Vince Farfan deliver a .348 batting average, lead the league with 15 RBI's, tie for the league lead with 17 runs scored and slam out two homers. Rusty Bearrows also contributed to the team's .302 batting average as he hit .342 including 4 doubles which tied him for the league lead. Lone Senior Darin Davis used his bat on way to a .341 batting average including 3 home runs. Pitcher Jim Mathis

finished the year outstanding in both categories. He hit .341 and he pitched his way to a 6-2 record with 38 strikeouts and 4 complete games.

The girls' softball team, coached by Julie Macias, finished the 1986 EBAL season with a 10-4 second place record. The Mats, led by team leaders Jill Zimmer, Cheryl Leonard, Brenda McKee, Amanda Russell and freshman Sheryl Swanson, advanced to the EBAL playoff championship where they lost to the mighty Cal Grizzlies 5-2.

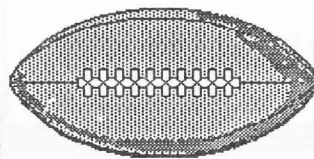

The Matador golf team finished the disappointing season with just 2 wins. Larry Adamsen, who previously coached the team for 10 seasons, returned to coach the young team. Senior Mike Thomason and John Eichhorn led the team with their experience and talented underclassmen Jake Headrick and Derek Fisher added their skills to lead the team.

The boys' tennis team finished at the bottom with a winless 0-11 season. Ricky Flores, Phillip Sykes and Jeff Johnson led the way for the Mats.

The boys' swimming team finished with a fine 4-2 EBAL record as they finished fourth at the swimming championships to close out the 1986 season. The young team, which had just three seniors out of 23 members, was led by swimming star Karl Eckert. Dirk Chonzena and freshman trio David Costantino, Doug Hewey and Tim Gormley helped the Mats throughout the season.

The girls' swimming team finished the season with a lone win as they ended the year. Of the 37 swimmers, 25 were either freshmen or sophomores as senior Michelle Depaiva and Danielle Howard provided the experience for the team. Susan Eckert and freshman prospects Lisa Lindren and Summer McCormick round out the team leaders.

The Matador football team comes off a super season which saw a well balanced attack of offense and defense. Tom Jameson, along with senior Brian Widergren, led the passing department for the Mats. Junior star Darren Meyer, plowed through opposing defenses on way to an EBAL rushing title. Bo Regas also helped Meyer with his experience in the powerful backfield. Seniors Oliver Thompson and Sean Grant along with Junior Jim Mathis,

led the Granada secondary as Dan and Mike Green, Kent Whatley and Scott Harris made up the rest of the mighty defense.

The Wrestling team, coached under Joe Camilleri, finished with a

fine season despite all the injuries. Jay Jones, who sat out most of the season with an injured knee, had a 7-1 record the previous year. Despite his absence, team leaders Ben Davis (147's), Ed Plis (177), Jerry Hanlon (108's) and 140 pounder Corey White carried the team throughout the year.

The volleyball team, coached by Charlie Brown, won the EBAL title, but was eliminated in the NCS tournament. The Mats were led by Becky Howard, Betsy Welsh, Julie Niceswanger, Andrea Jacobs and Jeanette Petrilli. The 12-2 EBAL season was highlighted by a victory over Amador Valley in the season finale as Granada went on to the NCS tournament as the EBAL's #1 seed.
